We can feed another hungry person!

The Saint Vincent de Paul Food Mission in Memphis is critically important to the people we serve. It is the only Food Mission in midtown open every day.

Every day, between 150 and 225 people come in for a warm meal and a place to sit down, sometimes out of the rain or snow. They come in to forget the pain of the street. They come in to see a volunteer smile at them and say "Hello". These are the people the Food Mission serves. With your help we can substantially increase the number of people we can help.

On any given night in Memphis/Shelby county you can find between 3000-7000 homeless people. Included in this number is anywhere between 1700-5400 **CHILDREN**. That's enough children to fill 3 large elementary schools. This is not a cause that can be ignored, we need **YOUR** help. They need your help! Please!

"Memphis/Shelby County Mayors task force on homeless"
